Please see the below information gathered from our partners & the Crisis Management Cell's Open Source Intelligence.

Key Points:

Details on Demonstrations

Ottawa, ON:

- In a briefing to city councilors on 02 Feb, the Chief of the Ottawa Police stated policing alone might not solve the ongoing occupation of the downtown core and military aid might be

necessary. No Request for Federal has been received and the GOC is not aware of any conversations on this topic.

- Ottawa Police Service (OPS) is actively patrolling downtown residential neighborhoods. On 02 Feb, 30 traffic tickets and 8 charges were laid.
- The crowd of trucks has thinned. OPS is not permitting incoming truckers from filling the open spaces and this is causing some flashpoints. Police resources are addressing this and deploying to maintain public safety.
- Some demonstrators are suggesting they will stay or return to the protest at a later date.
- Negotiations between the RCMP and the truckers are ongoing.
- RCMP stated in a press release this afternoon that anyone who actively blocks a highway may be subject to arrest.
- Individual actions overnight on 29-30 Jan resulted in broken windows to a City of Ottawa heavy vehicle.
- There have not been any reports of impacts to CI or federal buildings.
- A NOTAM has been issued with an airspace restriction over downtown Ottawa extending from Victoria Island to New Edinburgh, including the Byward Market, Lowertown and over the Ottawa River, to include a section of downtown Hull/Gatineau and has been extended until 07 Feb.
- For near-real time updates on the city of Ottawa road closures and traffic updates, please refer to [Traffic.Ottawa.ca](https://www.trafficottawa.ca) and updates on @Ottawa_Traffic and @Ottawa_Circule.
- In solidarity of the main convoy, demonstrations may take place at Federal buildings across Canada : Victoria, Legislative Assembly, Vancouver, Canada Place, Calgary, Prince Island Park, Edmonton, Legislature building, Regina, Legislative building, Winnipeg, The Forks, Toronto, Union Station, Montreal, Place des arts, Moncton, Riverfront Park, St John's, Harbourside Park.
- There are 500 trucks confirmed in the state of Maine as participating on the US side of the border and 300 trucks confirmed in NB to be participating on the highway 95, along with several personal vehicles. Commercial trucks are expected to block highway 95 while passenger vehicles are expected to block highway 555 from Beardsley Road. Transport trucks and individuals will arrive in Ottawa between 28-29 Jan.
- The convoy event could possibly pose a threat to the physical security of the Parliamentary Precinct and is likely to cause significant disruption to Parliamentary operations.
- While organizers plan to conduct some "civil disobedience" in Ottawa (including shopping without masks, and blocking traffic), although, there have been no calls for violence.
 - Organizers of the protest have expressed the intent for a peaceful event, which is consistent with what has been seen in other areas where the convoy has stopped so far.
 - Organizers have stated that convoy participants are expected to follow a Code of Conduct, though no formal list has been shared via social media or the Canada Unity website.
 - Freedom Convoy 2022 organizer says the group won't tolerate extremists and instructed participants "If you see participants along the way that are misbehaving, acting aggressively in any way or inciting any type of violence or hatred, please take down the truck number and their license plate number so that we can forward that to the police," in response to fringe groups/people calling for destructive action.
 - An event Organizer stated the plan is to "gridlock the city, while leaving room for traffic to businesses and emergency vehicles to get through" while holding events with speakers at a yet to be disclosed stage location.

- NCR partners are planning for a range of risks, including counter demonstrations, demonstrators breaking off from the main group to incite disorder, trucks blocking intersections, etc.
- Closely-related groups have demonstrated interest in gaining access to Precinct buildings. Partners have identified promotional content edited to include "Storm Parliament at 1:30." Engagement with this rhetoric is currently unknown, but organizational factors may contribute to unpredictable and suggestible crowd behavior.
- The subject matter and circumstances of the demonstration are likely to attract individuals predisposed to ideologically motivated violent extremist (IMVE) action.
- As part of the protest, Canada Unity plans to present a request (MOU) to the Governor General and Senate for the removal of various COVID19 related Public Health Order restrictions.
- According to Open Sources, Freedom Convoy 2022, has raised over \$10 million in fundraising in support of their cause via [GoFundMe](#).
